

A certificate course for setting up a nursery is being started for the second time in Mulugu Forest College and Research Institute, Siddipet District. As part of the DBT-TSCOST Entrepreneurship Development Programme, unemployed entrepreneurs who set up their own businesses, will be given six months of training in nursery farming, vermi-composting and beekeeping. A monthly stipend of ten thousand rupees will be given as part of the training. Interested candidates who have completed degree are eligible. Interested candidates can directly download the application from <https://www.fcrits.in/> and send it to edpferi@gmail.com by 5 pm, 18th December 2023. Unemployed people can take advantage of this opportunity. Professor M. Mamatha is the coordinator of this program and can be contacted on cell: 8074350866, 8466871929.
